Subject: RE: EXT :Monitoring Well Access Request for CSIA
Attachments: removed.txt

Mr. Carey,

I have received your letter via e-mail requesting permission to sample Northrop Grumman wells for TCE and 1,4-Dioxane using CSIA.

We are in the process of reviewing your request and the test methodology and will provide a follow-up response.

Thank You
Ed Hannon

Subject: EXT :Monitoring Well Access Request for CSIA

Ms. Fly, Mr. Hannon:

Attached please find a letter requesting permission for access to various monitoring wells associated with the Bethpage Plume. It is noted that both the Navy and Northrop Grumman asked for this in writing at the meeting held on October 29th, 2015 at the USEPA offices in NYC. A hard copy has also been mailed. Thank you.

Stan Carey, Superintendent
Massapequa Water District
